## Adult Leader Training – On-line Courses

### 30 Day Training Challenge

"The most important object in Boy Scout training is to educate, not instruct. In Scouting, a boy is encouraged to educate himself instead of being instructed. The key to successful education is not so much to teach the pupil as to get him to learn for himself. Dr. Montessori has proved that by encouraging a child in its natural desires, instead of instructing it in what you think it ought to do, you can educate it on a far more solid and far-reaching basis. It is only tradition and custom that ordain that education should be a labour." —Lord Baden-Powell
